

We have created a list of websites which will be helpful to support learning whilst you are either self-isolating or if schools are closed. Each child will have also brought home a Home Learning pack and an exercise book. We have prepared these ready for if they are needed. If schools do close we will send out a suggested weekly timetable with set tasks for pupils in each class to complete using activities within the pack and websites below.

The summer term topic for all year groups will be the Titanic. Children may wish to begin carrying out research on the Titanic.
